

WE LIVE & BREATHE GOOD DESIGN.

HiveMind, LLC is a compact graphic design firm located in Madison, Wisconsin. We specialize in developing jaw-dropping, elegant solutions to business problems. With nearly 40 collective years of experience, self-proclaimed “design geeks” and owners Shawn Krohn, Nicole Morrison, and Jessica Jones bring unique client experience in print, interactive, branding, copywriting, and search engine optimization to the table.

HiveMind is designed to expand as needed for our clients, culling from a diverse reach of extended resources, which includes writers, editors, designers, photographers, illustrators, and programmers/developers.

Our happy clients have found this flexible model both effective and efficient. We strive to make the process enjoyable for you by listening closely, collaborating, and tailoring design to function, all with the goal of reaching—and exceeding—specific results.

HIRE US.

If you're interested in any of the services we provide, get in touch. We'd love to meet in person or set-up a time for an informal chat. There's nothing we love more than discussing tough design challenges.
